

Labels for the 2020-2021 Stampin'Up! Annual Catalog

Provided by France at www.frenchiestamps.com

Print the Labels using the Avery 5160 template or an Address Label of your choice. Address label size is 1" x 2-5/8 "

Print the First and Second Pages on plain paper and pages 3 through 5 on address labels. Note, there are 2 of each of the Catalog Category Labels as you will need a front and a back label. VERY IMPORTANT - When printing do NOT click fit to page, print as is. I've provided a video on how to utilize and adhere the Catalog Category Labels and you can [CLICK HERE](#) to view it.

Below I've listed ALL the Category Labels with the Page Number they are to be adhered too. Please Note if you see a page number with a ↓ that means the information is actually provided on the previous page. If you see a page number with a ↑ that means the information is actually provided on the next page.
